

Finding the Right Journal

GUIDING QUESTIONS

Your Submission Type

What type of submission do you have? Different journals accept different kinds of submissions; some do not accept opinion pieces or preregistered reports.

Your Field of Research

What STEM field is your research about (biology, chemistry, neuroscience, etc)?

Does your research target a specific concept, disorder, or disease?

What are your qualifications?

Does your study have IRB approval?

Does your study have funding from an entity (ex. NIH)?

Do you have a PhD or MD, or are you authoring alongside someone with a PhD or MD?
